You've reached the final puzzle – congratulations! Write each of your answer words into the jigsaw pieces in the order you found them. For instance, if the first answer word was ANSWER then it would be written like this in the first jigsaw piece:

Once you have filled in the letters on each jigsaw piece, use them to construct the pyramid. Two pieces have already been placed for you. Don't rotate any pieces. Finally, read off the letters in the shaded squares to reveal the answer phrase for this mission.
