# 9. GRID SYSTEM

Each of these grids corresponds to a different four-letter word: ARMY, UNIT or REAL. Place the letters of that word once in each row and column. Each row and column also contains two blank squares. The letters around the edge indicate which letter appears first/last in the stated row or column. Once you have completed the puzzles, read off the letters in the shaded squares to spell out your answer word. Not all shaded squares contain letters.

Answer: __ __ __ __ __ __
